Welcome to Kohler – where bold thinking and rigorous craftsmanship combine to bring innovative, beautiful design to life. We're celebrating 151 years of setting the standard of excellence and pushing the limits of design. Whether we're creating kitchen and bath products, tile and furniture collections, engines and generators, or four-star resorts and championship golf courses, our work is born from a desire to design experiences that make the world more gracious.

A global leader in plumbing, fixtures and furniture with over 26,000 products and more than 13,000 patents. Still leading the industry in innovation and quality. Bolder than ever.

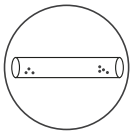
PROVEN PERFORMANCE

WATER USAGE AND FILL/ FLUSH TIMINGS AT 20/50/80 PSI

GRANULES TEST LIGHT MEDIA FLUSHING

Each Kohler toilet flushes more than 95% of 2500 small sand granules - simulating cigarette butts, light human waste and toilet paper.



DRAIN LINE TEST FLUSH-CARRY STRENGTH

Kohler toilets prevent clogging by pushing the waste 60 feet out into the drain against the standard of 40 ft.

PAPER DOT TEST TOILET CLEANABILITY

BALL TEST HEAVY MEDIA FLUSHING

More than 90 out of 100 medium sized non-absorbent balls are flushed in one go – these represent smaller size human waste.

CASED MISO TEST SIMULATE ACTUAL HUMAN WASTE OUTPUT

Each Kohler toilet flushes at least 500 grams of solid waste against the industry standard of 350 grams.

RIM-WASH TEST TOILET CLEANABILITY

LOAD TEST 400 KG LOAD TESTING

* Test procedures simulate actual product usage.

* Testing methods are continuously evaluated for repeatability & relevance to customer experience

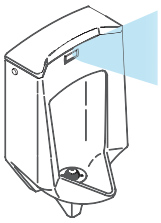
Kohler® has developed a urinal offering that raises the bar on design and water conservation.
Here are a few features of Kohler® urinals to look for as you browse the product portfolio.

DESIGNED FOR DURABILITY

Kohler® commercial products deliver style and performance that endure. Whether you're offering plumbing products for institutional, or for hospitality applications. Our full commercial line includes ADA-compliant toilets, basins, urinals and Touchless™ bathroom faucets in a wide range of coordinated design and installation options.

CHOOSE BETWEEN TOUCHLESS™ AND REGULAR



TOUCHLESS™

From the Bardon™ Touchless™ urinal featuring an integrated sensor to a wide selection of urinals that combine with Kohler® Touchless™ flushometers, our touchless solutions ensure dependable water savings and added hygiene.

REGULAR

For projects that require flushing urinals, Kohler® manufactures urinals in a range of lpf platforms, from water-saving 0.47 lpf to standard 3.8 lpf. We offer a number of flushing styles, including washout, blowout and siphon-jet systems.

A PROMISE OF QUALITY

To help you specify the best Kohler® faucets for your commercial or hospitality enterprise, we've outlined some of the key features that make Kohler® best in class.

KINESIS™ TECHNOLOGY

In traditional IR sensors, the sensor range can be affected by the environmental distortions such as color or the texture of the object. Kinesis™ technology with concealed sensor allows for a clean aesthetic and provides extraordinarily accurate and reliable actuation in varying installation environments. Additionally, Kinesis™ sensor technology offers on-demand detection for maximum water savings.

MANUAL CONFIGURATIONS

In addition to Touchless™ faucets for commercial applications, we offer manual faucets in a variety of configurations, including wall mount, widespread, centerset and single-handle, to accommodate any number of bathroom designs and functionality needs.

INSIGHT™ TECHNOLOGY

Improved over traditional infrared sensors that rely on fixed settings and may misread environments, Insight™ technology features an adaptive infrared sensor that has the ability to analyse the surrounding area once installed. After recording these details, Insight™ is able to calibrate the sensor to filter false triggers and optimize the faucet's operation.

CELEBRATING 150 YEARS

Kohler co. celebrates 150 years of bold moves, creativity, and impact while shaping the next 150 years of its iconic Kohler brand

Kohler's teams of bold creators around the world are the foundation of the iconic Kohler brand, along with consumers and trade communities who bring the company's products to life in creative and artistic ways. As Kohler embarks on its 150th anniversary, the global organization invites all associates, partners, and customers to participate in the celebration through a series of special events and activations around the world, including limited-edition product releases, commemorative apparel, and storytelling through digital content – all captured under the anniversary theme of Come All Creators.

"Bold moves and an entrepreneurial spirit are in our DNA and have deep meaning within our organization – starting with our founder John Michael Kohler who formed our company in Wisconsin together with an immigrant workforce creating new and better lives for their families," said Chair and CEO David Kohler, the fourth generation of Kohler family leadership, and only the ninth person to lead the company. "As we celebrate our 150 years of achievements, learnings, and growth, we encourage all passionate creators to join our pursuit of continuous improvement in providing gracious living for future generations through better design, innovation, wellness, and sustainability."

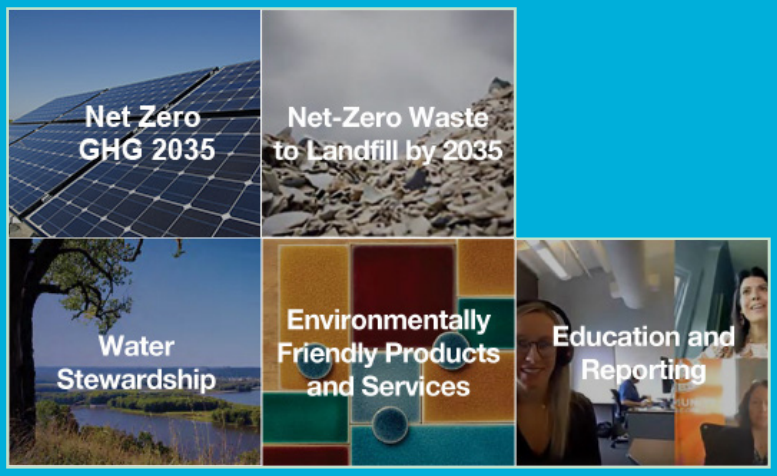
BELIEVING IN BETTER®

Kohler has formalized its sustainability and social impact strategy under the umbrella of "Believing In Better." Believing In Better is Kohler's operating philosophy that our best can always be better: better for the lives we touch, better for our communities, better for our planet, and better for business. In our journey to better, we use Environmental, Social, and Governance (ESG) criteria as a framework to transparently report against our goals and progress while ensuring the actions we take are embedded in our business strategy and operations.

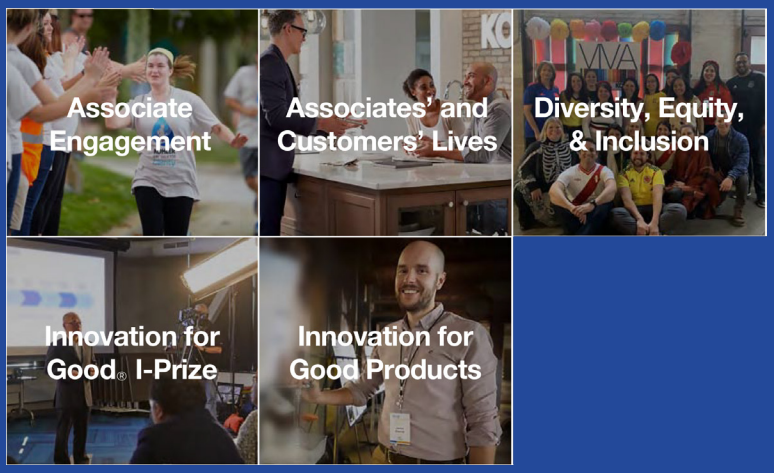
Better Planet

Kohler is improving its operational environmental footprint while paying uncompromised attention to designing environmentally friendly products that help its customers and consumers to reduce their own environmental impact.



Better Lives

Kohler seeks to make a positive impact on the lives of our associates and customers by creating inclusive and equitable communities, innovating with a social purpose, and being responsible stewards of resources.



Better Community

Kohler takes a holistic approach to addressing the long-term health, well-being, and prosperity of the communities it serves through equitable access to clean water, sanitation and health.

Care and cleaning guidelines for Chrome and Vibrant® PVD colours /finishes – Sanitaryware, Faucets and Bathing Products

- Always test your cleaning solution on an inconspicuous area on the product before applying it to the entire surface
- Do not allow cleaners to sit or soak on the product.
- Wipe surfaces clean and rinse completely with water immediately after applying cleaners
- In the rare occurrence of stubborn stains on Cast Iron surfaces, use abrasives or abrasive cleaners sparingly.
- Clean stainless steel surfaces once a week. Do not use cleaners containing chloride on stainless steel. If used, rinse the surface immediately to prevent corrosion.
- Wherever gold or platinum is used on decorative products, use only warm water to clean and then dry with a soft cloth.
- Use a soft dampened sponge or cloth to clean, never use abrasive material like a bristle brush or scouring pad.
- Do not use cleaners containing ammonia, bleach, or acid. Most toilet cleaning products have high acidic content which can damage the chrome finish, hence they should not be used to clean chrome finish.
- Use a mild detergent (such as dishwashing soap). Do not use abrasive cleaners.
- Rinse and be sure to wipe the entire surface dry.
- Do not use cleaners containing ammonia, bleach, or acid. Most toilet cleaning products have high acidic content which can damage the chrome finish, hence they should not be used to clean chrome finish.

The ideal cleaning technique is to always blot dry any water from metal surfaces. Allowing water to evaporate on metal will form water deposits. It is important to use a dabbing action to dry metal, not an abrasive or rubbing action. Cleaning with a damp sponge and buff drying should keep your faucet safe.

KOHLER India Shower Enclosure Limited Warranty Policy

Kohler India's shower enclosures are warranted to be free of defects in the material and workmanship for the period of 5 years, commencing from date of sale of Kohler India's Products to the original purchaser ("warranty period"). During the warranty period if (in the opinion of Kohler India) the defect is due to defects in the material or workmanship, Kohler India or its Authorized Service Franchisee/Representative will, at its sole option, repair or replace free of cost, any defective component or part of the enclosure, subject to the terms and conditions document available with the product.
